GLOBAL POVERTY AND INEQUALITIES IN THE 21ST CENTURY: CHALLENGES AND PERSPECTIVES		
Número de créditos: 2	Carga horária: 48	Obrigatória/Eletiva: Eletiva
Ementa:		
<p>The discipline aims to develop a critical comprehension of the challenges and perspectives regarding the fight against poverty in the 21st Century. With a theoretical-practical approach, it focuses on the limits of global and local instruments to reduce inequalities in democratic societies, seeking paradigmatic initiatives to be reproduced worldwide. The course also presents and analyses different mechanisms to measure progress in the achievement of social and economic sustainable developing goals, reinforcing the role of the Welfare States and multilateral organisms in times of global crisis.</p>
