

Finance & Accounting Analyst

About GP Investments

GP Investments is a leading private equity and alternative investments firm. With offices in São Paulo, New York City, London, and Bermuda, GP Investments has raised over US\$5 billion and invested in more than 50 companies in Brazil, USA, UK and LatAm. GP has raised close to US\$8 billion in more than 30 capital market transactions through its portfolio companies.

Our firm is best known for its deep involvement with its portfolio companies and a distinctive managerial model. This model's cornerstone is a culture that emphasizes values such as meritocracy, ownership, trust and a ceaseless commitment to achieving results. We seek to build long-lasting enterprises by putting in place strong governance, strategic leadership, cost consciousness, the right incentives, and a strong team.

Position Description

We are seeking an analyst who will respond directly to the Company's Financial Controller and work with other controllership team's members. The analyst will be responsible for the following main activities:

- Assisting in the preparation of financial statements in accordance with IFRS and USGAAP
- Participate in the preparation for annual and quarter audits
- Handling sensitive and confidential information with honesty and integrity
- Maintain a complete and reliable organizational presentation of GP's overall structure, including onshore and offshore companies
- Eventually support other areas (Private Equity, Real Estate, Treasury, Planning, Legal, IR, IT) on specific projects
- Direct participation on the composition of the Company's budget (real x budget)
- Monitoring of onshore funds (day to day; capital calls and distributions)

Qualifications

- Advanced English
- Strong analytical and communication skills
- Solid work ethic and ability to work both independently and in small groups
- Proficiency in MS Office
