

Course Syllabus

Department/Faculty Social and Applied Sciences Center		
Graduate Program Management Control and Business Finance		
Degree <input type="checkbox"/> Academic Master's <input checked="" type="checkbox"/> Professional Doctorate <input checked="" type="checkbox"/> Professional Master's		
Course Name Management Accounting in Operations		
Professor(s)		
Office hours: 48 hours	Credits 4	<input type="checkbox"/> Mandatory <input checked="" type="checkbox"/> Optional <input type="checkbox"/> Elective
Course Overview The focus on the subject is to analyze the factors affecting the operations and organizational performance. In addition, to provide an understanding of the importance of organizational capabilities and competencies and their impacts on business performance.		
Topics outline Capabilities, organizational routines, absorptive capacity, performance measures in operations, lean accounting/manufacturing, Theory of Constraints, and management control.		
Letter Grade Assignment Grade A (Excellent) - Grade points between 9 and 10 Grade B (Good) - Grade points between 8 and 8.9 Grade C (Satisfactory) - Grade points between 7 and 7.9 Grade D (Unsatisfactory) - Grade points between 0 and 6.9
