

Result of Postdoctoral Fellowship Call

PrInt Project

2D materials and nanodevices to be applied to power, telecommunications and sensors

On November 16, 2020, the selection committee composed by professors Christiano José Santiago de Matos (UPM), Lucia Akemi Miyazato Saito (UPM), Sergio Humberto Domingues (UPM) and Victor Hugo Rodrigues de Souza (UFGD), met virtually and analyzed the proposals received regarding the Postdoctoral Fellowship Call. After documental analysis, the commission indicated the following order of classification:

1st Place: Tatiana Cristina Muñoz Hernández

Eduardo Jose Aiub *

* Disqualified - The candidate did not fulfill item 2.2 of the Call, according to CAPES' minimum internationalization requirements.

São Paulo, November 16, 2020.
