Sub: Letter of commitment to participate in Mackenzie University proposal

To whom it may concern:

It is a pleasure to write this letter in support of the proposal "From Microscope to Telescope: Interdisciplinarity to Foster Human Development," currently being submitted by Universidade Presbiteriana Mackenzie to Coordenação de Aperfeiçoamento de Pessoal de Nível Superior (CAPES) within its internationalization call. Within the proposal, I confirm my intention to collaborate with the research theme "Micro and nanostructured multifunctional materials", by receiving students and researchers from Universidade Presbiteriana Mackenzie, as well as sending researchers from the Department of Polymer Engineering, The University of Akron, USA to visit MackGraphe.

Sincerely,

Sadhan C. Jana
Chair and Benjamin Franklin Goodrich Professor
